STORY “He is the first and the last... at the beginning of time, a hero began; at the end of time, he will fall back into oblivion, but the memory of his existence will remain among the people.” When a deep darkness settles over the Lands Between, and the seemingly normal world begins to change, a new world of turmoil and chaos arrives. Plagued by the mysterious and dark beasts called “Old Blood” as well as men weakened by the violent and chaotic lives they lead, the Lands Between continues on the trail of its hero. As the hero, you are bound to the Elden Ring. In order to protect the lands, you must take on the role of an Elden Lord. You will travel through the various regions in the Lands Between, and as you fight your way through enemy strongholds to suppress Old Blood, you will discover countless other people and untold stories of the Elden Ring.VRBO is part of the HomeAway family, the world leader in vacation rentals with over 1 million listings. MARUI KAORU Developer : XSEED Games Release date : 2014/10/31 Genre : Action RPG English Voice : English, Japanese Language Compatible Thoughts : Why i chose to try this game : I've heard from BakaMugen previously about the status of Old Games being rare here in Japan, and I felt like i wanted to be a part of that, and try some decent Japanese titles if i ever did want to buy one. But then when i did look up the game info and was looking at some of the stories of it, I realized it was a rather short title, and i didn't want to throw away my money on a game that didnt have a lot of replay value. Its also a game that i really wanted to give a chance to because i hadn't really played an action rpg in a while. So considering all that, i did end up purchasing this (PRICE CHEAPER than i had originally thought). Also, since i was going to continue playing after the game came out, it gave me an excuse to get one of my favorite actors to do the VO, since he's also in this game. CAST : Tarnished Prince : Adolin Kard Auditions : -A voice actor that makes this game for me is best-known for voicing Korra from the Avatar series of shows and he also has voiced some characters in Tactics Ogre. He's awesome, and i highly recommend him to anyone with the right acting ability. -A voice actor who is best known for Anime-related work is also going to be in an anime or two for the upcoming season. Prince Lindblum : Masashi Hirose Auditions : -He's also been part of many titles like BlazBlue, Persona 4, and Kuroko no Basuke. He's great in the role, with a voice that i find very pleasant to listen to. -A voice actor who was part of the voice acting teams for both Persona 4, and the BlazBlue series. He is a legendary voice actor. bff6bb2d33
